roam/access

Help map Manly

Walk or roll the town centre with us and record kerb ramps, slopes, steps and step-free entrances.

Saturday [date]

9:15 am to 2:15 pm, lunch included

[Base name and address], Manly

- **No experience needed.** We show you how.
- Work in pairs, on a route of 1 to 3 km, with rests. Flat routes too.
- What you find goes on OpenStreetMap, the free map many apps use, and in Roam Access.
- Bring a phone. Set up a free account at home first: we'll send the steps.

We especially welcome people with disability

The base is step-free with an accessible toilet. Tell us what you need: Auslan, captions, a support worker (free), large print, a quiet space or a flat route.
